## BUREAU OF ANIMAL INDUSTRY.

JOHN R. MOHLER, CHIEF OF BUREAU.

### SERVICE AND REGULATORY ANNOUNCEMENTS.

NOVEMBER, 1920.

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 50 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

### LAY INSPECTORS NOT TO BE ASSIGNED TO CLERICAL WORK.

Reports from the field stations of the bureau where regular clerks are assigned to office work show that frequently lay inspectors are assigned to clerical work of the station.

This practice is a violation of the spirit of the civil-service regulations and is not in accordance with present bureau policy. It is therefore directed that, except in an emergency not to exceed 15 days due to illness or leave of the regular clerk, no employee of another grade shall be assigned to clerical work without previous permission from the Washington office.

---

### VOUCHER FOR SUPPLIES OR SERVICES.

Except when written instructions to the contrary are received, no voucher for supplies or services arranged for or provided through the Washington office should be certified as payable under a letter of authorization. Invoices or statements covering such supplies or services should be referred to Washington.

---

### USE OF F. I. FORM 11-c REPORTS.

Reference is made to Service and Regulatory Announcement of April, 1917, pages 40 and 41, headed "Reporting Finding of Animals Affected with Contagious Diseases," and to the issues of February, 1918, page 11, and April, 1920, page 48, referring specifically to the submission of these reports in connection with tuberculosis eradication.

It is now desired that these instructions be interpreted to include the submission of F. I. Form 11-c reports by inspectors in charge of virus-serum control stations. These reports have been of material assistance in locating centers of infection, and all inspectors in charge should endeavor to submit the desired information wherever it is possible to obtain it.

---

### RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS.

Penalties have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

#### Livestock Quarantine Law.

Chicago, St. Paul, Minneapolis & Omaha Railway Co. (3 cases), \$300 fines and costs.

Chicago, Burlington & Quincy Railroad Co., \$100 fine and costs.

St. Louis-San Francisco Railway Co. (2 cases), \$200 fine.

Vicksburg, Shreveport & Pacific Railway Co., \$100 fine and costs.

### NEW PUBLICATIONS OF THE BUREAU.

[The bureau keeps no mailing list for sending publications to individual employees, but publications are sent in bulk to officers in charge for distribution to members of their forces. The number of copies sent varies with the subject or nature of the publication and the number and class of employees. Officers in charge will use their judgment and distribute publications to best advantage. So far as possible additional copies will be furnished on request.]

### SAILORS SET AN EXAMPLE IN SAVING.

The sailors on the 25 vessels of the U. S. Navy now stationed at the Portsmouth, N. H., Navy Yard, are busy little savers. They have discovered that if they put their spare change into War Savings Stamps and Thrift Stamps they can cease to worry about the safety of their coin. If the stamps are registered they are proof against loss, fire, or destruction. If the gob is transferred suddenly he does not have to worry about transferring his account from one bank to another, for he can either buy or redeem his stamps at any post office.

Both officers and men of the Navy declare that the old slur, "He spends his money like a drunken sailor," has ceased to be applicable. Prohibition has gone far toward eliminating the drunken sailor entirely from Uncle Sam's Navy, and the Savings Campaign of the U. S. Treasury Department has aided to teach him that it pays better to save and invest his money in Government securities than to squander it all in one riotous shore leave.

Charles F. Tucker, of the boat shop at the Portsmouth yard, is in charge of the sale of stamps to the men stationed there, by special appointment of the commandant of the yard. Tucker has the proud distinction of having sold more than \$1,000,000 worth of Thrift Stamps without the loss of a penny.
